

The Wonderful Wizarding World of Harry Potter Decal Syllabus

Fall 2018

1 Course Overview

In this course you will explore J.K. Rowling's world in the Harry Potter series by book discussions and relevant activities. We will also explore the genre of fantasy by analyzing the topics, themes, and issues shown throughout the book. Additionally, we will see what has made it the best-selling book series of all time. We hope to prove that Harry Potter is a work of academic merit to our students. To do this, we will discuss:

1. the history of magic, witchcraft, and wizardry
2. social hierarchies and the role of race in culture
3. the social relationships and dynamics: friendships and families
4. international education and cooperation
5. the role of government and corruption, concentration on authoritarianism, in civilian life
6. children's literature, fantasy novels and the Harry Potter fandom
7. the role of death and love in the hero's journey

This class is open to everyone, however we have lifted our spoiler ban, meaning text spoilers are allowed in class! If you are a first-time reader, you are welcome regardless, but be prepared! At times, our faculty advisor will also attend lecture as part of their supervision and sponsorship of our class.

2 General Overview

The class is split into two parts. The first part is a discussion, a reading quiz, and a short lecture based on that week's reading. The second is a fun activity based on that week's reading, for which you can win points for your house toward the illustrious House Cup. Points will also be awarded for bringing in food (extra for homemade or Harry Potter themed food!)

2.1 Required Readings

1. Harry Potter and the Philosopher's Stone
2. Harry Potter and the Chamber of Secrets
3. Harry Potter and the Prisoner of Azkaban
4. Harry Potter and the Goblet of Fire
5. Harry Potter and the Order of the Phoenix
6. Harry Potter and the Half-Blood Prince

Additional readings and multimedia resources will be available to you online. Do not be discouraged by the book list. Each book can easily be read in less than one day, so it will not be hard to finish reading them throughout the semester. These books will be fun to read, so don't be surprised if you finish them all sooner than expected!

3 Schedule

Class Week	Harry Potter Decal Schedule Topics	Assignments

12/2	Last Day of Class Final Projects and Presentations Final Evaluations	Team Project

4 Assignments and Grading

The class is graded on a Pass / No Pass system and counts two units towards your Muggle wizard degree. A minimum of 70 % must be achieved in order to pass the class. The grade is based upon the following:

Attendance and Participation - 40 %

Attendance is mandatory. Roll will be taken during every class. If you come late or leave early without a good reason, you will be docked points. Each week the first half of class will consist of a combination of lecture and discussion relating to the week's reading. The second half of each class period will be a fun activity related to the week's reading or the series as a whole.

Weekly Reading Quizzes - 10 %

There will be a short reading quiz every class.

Written Reflection - 15 %

This is just a two-page response to the series readings. You will be asked to make connections between concepts in the books using your own interpretation of the readings.

Final Project - 35 %

You will have a final project. You must submit a project proposal to the instructors by December 1st. The final project is your own creative interpretation of the material covered throughout the course. It can be whatever you want: a story written in the world of Harry Potter, an illustration of some sort, a video, a game, or performance art – anything you like so long as long as it relates to the course material. Do not stress about this - it is all about putting effort into it because you enjoy what you are doing.
